## GREETINGS FROM THE PRESIDENT

*Ken Hamlin, 517-605-0022, akhamlin@tc3net.com*

I made a trip down to the park last month and had a chance to meet up with our new park manager Teresa Cole. They have moved the office to a new space. She is now located to the right and back in the corner. They are going to take a wall out and put an opening in the wall so that she can greet people when they enter the office. She is learning a lot about us and

comes with knowledge from her previous job in another park. It was pleasant meeting her and I look forward to working with her as we move forward.

Work is going to begin on clubhouse remodeling the week after the Fourth of July. They will be painting, installing new flooring, doing kitchen updates and making the exercise room larger. When you looked at the cover you could see the new lounge chairs and the covers over the shuffle board.

I want to thank Ruth and her committee for the work on the directory. The down loadable version for the phone is super. If you have not gotten it yet, get a hold of Bob Green, and he can help you out. We are still working on trying to get our web site up and running again. The previous service has made it difficult for us to make a change to a new server.

The grass is green all over and the ponds are high but overall it looks pretty good. The new fence really made a big difference out on US 17 when you are going past the park. The fence is nearly completed with just a section by the industrial park that is not done. The park is also

going to begin cleaning up the growth along the back of the park, by the field and railroad tracks. They are going to be clearing it twice a year.

Again, I want to mention hurricane safety. The season has started, and everyone needs to be prepared. If you are here make sure you have your plans in place and know what you are going to do with yourself and the items you have outside of your home so that they don't get blown away and end up in your neighbor's yard. If you think of something you forgot to do or tie down, make sure you contact whoever is watching your house and have them take care of it for you. I have seen a lot of grills setting out, they are the first things to go. Remember these winds are in the 80's to 120 mph.

It's always good to get back in the park to see who is here and to find out what's going on. If this summer goes as fast as last winter, we will be seeing everyone soon. Have a good Fourth of July and drop us a note and let us know what's going on. We can always use short notes for our newsletter.

This app is easy to install and has proven to be very helpful in having your Lakewood neighbors and friends contact information with you. If you have not requested the app from Bob, we encourage you to do so. You will find it a helpful tool to have

Precautions were made to verify the information in the directory was correct. However, mistakes can be made so if you see your information has an error in it, contact Bob Green to have it corrected. The correction can be made to the mobile directory (and appears as soon as the correction is made) but, of course, the correction will not appear in the printed directories.

## FRONT COVER

As we all know, changes have been taking place at our park. Some of them happened during the winter season when all residents were there. Others have happened while many residents have left for their summer retreats.

On the front cover of this newsletter are pictures of three recent changes.

- Top left corner shows a picture of the new vinyl fence being installed along the Duncan Road side of the park. This is much improvement over the old wooden fence that had not been maintained for many years and was partially falling.
- Top right corner shows the new "sails" installed at the shuffleboard courts. They are supposed to provide shade for the players. However, it looks like they may be more for looks than providing shade. Time will tell.
- Bottom center is a view of the pool deck with the new lounge chairs. Management has indicated the old chairs will also be replaced soon.

## NAME TAGS

Submitted by Cheryl Wellence

If you are new to our park or any resident that would like a new tag, please see the sheet on the board. Please print your name and if you want Lakewood Village or the state you are from on it.

The tags are \$7.50 each. I need to collect the money before I order. I am in Lot 149 or see me at Friday coffee.

## POOL FURNITURE

For the residents still at Lakewood, you have probably noticed the new lounge chairs at the pool. The park owners have decided to replace the chairs and lounges. It is not known when the chairs will arrive and be put in place but hopefully soon.

One thing to remember is when you put your suntan lotion or spray on, please do not get it on the fabric of the lounges and chairs. That seems to stain the furniture and it is almost impossible to get off. That was a problem with the old furniture also so let's keep the new stuff looking nice. Also, when using the furniture, be sure to put a towel down if you have put suntan protection on yourself. Your cooperation on this will greatly be appreciated.

The old furniture was owned by the homeowner's association. As the new furniture is being replaced, the old furniture will be offered to the association members. The tan lounge chairs will be \$50 each and the rest will be given away free. If you are interested in obtaining a lounge, table or chair, contact Anne Lennon to let her know.

## FOR SALE ITEMS

It has been decided to let residents that have their house, or other items for sale, to have them listed in the monthly newsletter.

- **Houses for sale:** If you want to list your home for sale, contact Bob Green to give him your information. We will run the ad for a period of three months or until sold. If it sells prior to the three months, it is your responsibility to advise Bob to remove from the newsletter. If you want it listed longer than three months, let him know prior to the end of the three months.
- **Other items for sale:** If you have other items to sell, contact Bob with the information. We will run the ad for one month. If you want it listed longer, you will need to let Bob know. Again, when it sells you have the responsibility to advise that it is sold.

### **Carey Marsh and Joyce Golding, #199**

Most of my family lives in California, so we travel there for events and just visits to see my sister and others. Being Jewish, we attend some religious events. We left for CA on Feb. 8 for the Bat Mitzvah, the girl's version of a Bar Mitzvah for my cousin's grand daughter, Ashley Afflek.

We were there for ten days, and the whole visit was amazing. We stayed with my sister, Lois Martin and brother in law, Steve, in Simi Valley, a north west suburb of LA. The trip was mostly flawless, and I am still reliving it. The day after we arrived, we left for a weekend in Fresno, about five hours north of my sister's home, and the drive was pleasant. We stopped near Bakersfield for lunch and arrived at our motel with time to spare.

My sister, her husband and their daughter, Monet, came down from their rooms ready to go. We left for my cousin's house. Judy Boro and her husband Herb house dinner for us and her other daughter, son in law and their two children. It was great seeing them all again and eating together. Afterward, we all went to the Temple for the Friday night service. The Bat Mitzvah girl, Ashley, had a small part in that service, and she did beautifully, of course! Afterward there was an Oneg Shabbat, a small reception, for the congregation, which is typical of the Friday night service. My cousin, Judy, had prepared most of the sweets. She is an excellent baker, and all had a great time.

Saturday, Cary and I toured Fresno in the early day. The main service, where Ashley was the star, took place at 3 p.m. She was perfect, of course. I had not seen her in years, and she is a lovely thirteen-year-old. Afterward, we all went to a country club nearby where the evening was devoted to the children. Ashley made a Grand Entrance wearing red socks. Several of the other women in the family had also been given red socks. It was adorable. The children were led in some games, including a scavenger hunt where they went into the audience to retrieve various objects. The girl who got my grand DOG's tranquilizers

won a prize. My sister, brother in law, Cary and I were seated with some cousins whom we did not know, and my niece was seated with some other 30-somethings.

There was pizza and spaghetti bar for the children and a separate one for adults. When it came to dancing, some of the adults were amazing with their knowledge of some of the dances that the children did. When they had the Bat Mitzvah girl and father-daughter dance, Ashley and her dad, Jarred, came out and started a beautiful dance and then stopped, pulled out sunglasses and went into a fast dance that got everyone roaring. It was a great evening. I got to spend time with relatives whom I haven't seen in years, and it was wonderful. I am more social than Cary is, but he spent time with parts of the family that he's never met and had a ball.

The next morning, we had coffee, checked out and went to Herb Boro's brother, Bob's house for brunch for all the out-of-towners. That too was wonderful, and we left more than full of food and visits with relatives and new friends. I can't tell you what a great time we had. I was so sorry to leave, but there will be three more Bat Mitzvahs each two years, so we will go back.

When we got back to my sister's house, she and my brother in law had planned lots for us to do over the next few days. We went on a tour of Hollywood homes and sights, visited another cousin I hadn't seen in years, went to the Ronald Reagan Museum, which is just a mile from where my sister lives, and went to some nearby restaurants. There was, sadly, no Dunkin Donuts nearby, but I survived on Starbucks!!

We were sad to leave and arrived exhausted on a Sunday night. The only unhappy part of the whole trip was that we arrived to find that Cary's daughter, Shirley, had a heart attack the night before we arrived, but she seems to be recovering and will see a doctor soon. Cary speaks with her frequently. And of course, we pray for her.

So, that was our winter vacation, and I can't imagine a better time. So, what have you been doing?

## A LITTLE HUMOR

### The Human Life Cycle

On the first day, God created the dog and said, "Sit all day by the door of your house and bark at anyone who comes in or walks past. For this, I will give you a life span of twenty years."

The dog said, "That's a long time to be barking. How about only ten years and I'll give you back the other ten?"

And God saw it was good.

On the second day, God created the monkey and said, "Entertain people, do tricks, and make them laugh. For this, I'll give you a twenty-year life span "

The monkey said, "Monkey tricks for twenty years? That's a long time to perform. How about I give you back ten like the dog did?"

And God, again saw it was good.

On the third day, God created the cow and said, "You must go into the field with the farmer all day long and suffer under the sun, have calves and give milk to support the farmer's family. For this, I will give you a life span of sixty years."

The cow said, "That's kind of a tough life you want me to live for sixty years. How about twenty and I'll give back the other forty?"

And God agreed it was good.

On the fourth day, God created humans and said, "Eat, sleep, play, marry and enjoy your life. For this, I'll give you twenty years."

But the human said, "Only twenty years? Could you possibly give me my twenty, the forty the cow gave back, the ten the monkey gave back, and the ten the dog gave back; that makes eighty, okay?"

"Okay," said God, "You asked for it."

So that is why for our first twenty years, we eat, sleep, play and enjoy ourselves. For the next forty years, we slave in the sun to support our family. For the next ten years, we do monkey tricks to entertain the grandchildren. And for the last ten years, we sit on the front porch and bark at everyone.

Life has now been explained to you. There is no need to thank me for this valuable information. I'm doing it as a public service. If you are looking for me I will be on the front porch.
