

POST Hurricane Information (7/01/23)

Residents	HOA Board	Murex
Check-in with your family to let them know your condition	Organzie volunteers to help with post-hurricane needs (joint effort of HOA and Murex)	
Unplug electronics that are not being used with a generator	Check on remaining residents for health, food, water, etc. (joint effort of HOA and Murex)	
Turn circuit breaker off for air conditioner due to surges when power returns	Call northerners to advise of damages and keep list of who has been contacted (joint effort of HOA and Murex)	
If you are physically able, secure your home to lessen any further damage (e.g., tarp holes in walls, roof, windows that are broken, etc.)	Post daily communication (or send via email, to be decided). Work with Murex to ensure their communications are incorporated	If needed, arrange for generator to run lift station
Put your yard debris in front of your home. Divide into 3 piles: vegetation, aluminum, all other	Keep in touch with neighborhood captains	If possible, arrange for help tarping roofs
Take pictures of any damage prior to clean up and making repairs (for insurance purposes)	Assist in putting together list of folks that need help with tarping or debris clean up	If possible, arrange for help with cleaning up debris in yards (e.g., fallen or leaning trees, large items such as lanai roofs, etc.)
If you have a landline phone, and willing to allow others to call family, etc., please let an HOA Board member know	Make available a list of emergency services numbers (e.g., FEMA, Red Cross, Sherriff, etc.)	Clearing roads of debris so vehicles can pass and pathways to homes
If you are able, volunteer to help. Contact HOA Board member or property manager to see if help is needed.	Organize items coming into clubhouse (e.g., water, food, tarps, supplies, etc.)	If needed, arrange for generator to run clubhouse
	HOA Board member available in clubhouse for questions after the storm	Arrange for security, especially after dark when power may be out
	Make available a list of contractor names and numbers. This would not be a list that is "recommended", just informational	Ensure emergency exit is accessible by both emergency vehicles and residents, if needed
		POST pictures of park properties (common areas)
		Clear debris from lakes after storm
		Make calls to places that will donate water, food, etc.
		Find and fill all gasoline containers for clubhouse and office generators
		Check electric pedestals for damage, power off if needed
		Clear storm drains
		Post-hurricane, relock emergency exits (both the LWV gate and the gate on Hwy 17) if they are not needed
